CANTON STREETS

Full of Semi Insane People Sald Local Physician in Y. M. C. A. Discussion.

A lively discussion ensued at the Y. M. C. A. yesterday afternoon on years, 3 months and 18 days. the subject, "Is Sinning More the Result of Ill Health or a Natural Depravity?" Various phases of the of the hopeful disposition of the consumptive was taken up in which it was shown that it was a noticeable fact that there were less wrongdoers among that class of invalids than any other. During the course of the discussion J. K. Baxter, superintendent of the public shools, stated that the largest number of bad children in the schools were that way because of their home environments while poor nourishment, cigarets, bad eyes, poor hearing, etc., was responsible for a large number of the incorrigibles.

Dr. J. P. DeWitt was called upon to give his views. He said in part: When a child is born, it is composed of about ten billion neurongs, the amount staying about the same throughout life. The action upon these neurongs divides the mass of the people into several classes, the sane, the insane and the semi-insane and the persons classed into the insane or the semi-insane divisions, are in my opinion not responsible for their actions, and the streets of Canton are full of the latter sort.

"There are two factors which have a bad influence on the neurongs of the body, alcohol and tobacco, the latter having the greatest influence over the young men,

"Influence and environments have much influence over the neurongs, and if a person is surrounded by evil influences, it will more than likely develop the person into a sinner, or vica versa.

"A person cannot inherit the tobacco or alcohol habit, but they can inherit a weakness in the neurongs, and if they are raised among these habits, they will more than likely contract them. A person does not sin because he wants to, but because he cannot help it, influenced by the daily suggestions with which he is surrounged.

"Food and proper nourishment have a tendency toward sin, and the majority of the people who sin for the first time, do so as more of an experiment than anything else. This influences the neurongs toward that evil, and the sin is repeated, and I think that if the criminals would be put into places where the surroundings suggest nothing but good, they would in time influence the neurongs toward good deeds, instead of bad ones."

It was announced by Secretary Williams that the subject for next Sunday's discussion would be "Is the Present Reform Wave Transitory or Permanent?"

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharge is disledged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to satisfy. Solid by all druggists for 75c., including spraying tube, or mailed by Ely Bros. Is Warren Street, New York.

GEN. ECKLEY

Dead at Carrollton Over 97 Years

Carrollton, O., March 29.-Gen. Ephraim R. Eckley, who was born on De-cember 9, 1811, died in his home on Liberty street here Friday, aged 97

In his young days Mr. Eckley was a school teacher and a surveyor, working in Indiana and the western part of Ohio. - In 1833 he taught school subject were discussed, the instance in Carroll county and read law. In 1834 he went to Mansfield and remained there for two years, returning to Carrollton in 1836. In 1837 he was admitted to the bar and practiced his profession until 1843, when he was elected to the state senate from the composed of Jefferson and district counties. In 1853 he was elected representative. He was a member of the national conventions in 1856 and 1860. On June 10, 1861, he was appointed dieutenant-colonel of the 26th O. V. I. and in December following was made colonel of the regiment. In March, 1863, he came home and was elected to congress and was re-elected twice after that being in congress until 1869. He was one of the twenty-two members of congress who voted against the enfranchisement of the rebels and at of food. the time of his death was the oldest living ex-congressman.

Mr. Eckley was united in marriage with Martha L. Brown, of Carrollton, in 1837, and to them five children were born: Mrs. Helen A. Westfall, of Delaware; William Jr., who was a member of the United States army and died in 1867; Harvey J., of Carrollton; Mrs. N. O. Skeels, of Elyria, and Ralph, who died in infancy. Mrs. Eckley preceded him in death, May 4, 1898.

General Eckley was a great favorite in Carrollton; was a good talker and entertainer, as his mind was very clear and he could tell of incidents and heppenings in the history of the town and county from the time when he was very young. He had remarkably good health and up until a few months ago was a familiar figure on the streets of Carrollton. After he became too feeble to walk he was often out over town for a drive. His last trip down town was on the 6th of March and at that time he walked from the house to the carriage.

He was stricken with paralysis Friday evening of last week and never rallied very much and died at 4 o'clock on Friday afternoon just a week from the day he was stricken.

The funeral services were held from the Presbyterian church this afternoon at 3 o'clock, Rev. N. S. Kreger officiating. He was a member of the Presbyterian church.

Tuscarawas County Democratic Convention.

New Philadelphia, March 29.-The Democratic central committee met in the commissioners' office in the court house Saturday afternoon and fixed the time and place for the county convention Saturday, May 2, New Philadelphia.

Dayton-National Cash Register Co. will resume operations.

PLAIN TRUTH

Thirty Years' Expehience.

The plain truth from simple, honest folks, is the very best testimony any-one can ask. Here's what a N. H. man says about coffee.

"As I have had 30 years' experience

with coffee and its effects, I may be permitted to say something pertinent to the subject.

My appetite began to fail, food disturbed my stomach, bowels be-came badly constipated, was restless, sleep so greatly disturbed I dreaded to go to bed.

"My stomach got so bad I could not

eat anything for supper but milk and cracker. In the evening I would be so thirsty nothing would satisfy me but a cup of strong, cold coffee. "Coffee was my invariable dring for

reakfast, with a doughnut or plece of toast, I was all the time consult ing the doctor, taking digestive preparations to help the stomach, and cathartics to move the bowels, fre quently having attacks of terrible pain in the bowels which would neces itate calling the doctor

"After many years of this, I became convinced that something must be

"At last I got hold of Postum and began using it in place of coffee and have continued to use it daily for the past 6 years. The improvement was gradual, but sure. For the system requires time to recover from the damage done by coffee and feel the full benefits of Postum

"Improvement has continued from the very first, to the present. Diges-tion grew better, bowels became reg-

tion grew better, bowels became regular, and at bed-time I now anticipate
a good night's sleep with pleasure.
"The change from coffee to Postum
has made a wonderful change in my
condition. It could not be expected
that a man 81, with a 2 years' and 10
months' service in the army, could
be made young again. But I do honestly believe I state the plain truth
when I say that if I had not changed
from coffee to Postum I should flave
been, by this time, a helpless invalid. by this time, a helpless invalid,

Avoid Secret Stomach Remedies

Because Most of Them Contain Dangerous Ingredients, Which Produce the Drug Habit.

Thousands of people, having dyspep sia or stomach troubles in some form continually "dope" themselves with all sorts of secret tonics, drugs, pills, catharties, etc., which not only inflame and irritate the stomach and intestines, but in many cases couse the opium, morphine and cocaine habits.

You have a right and should demand to know what any medicine contains before you take it, unless it is put up or recommended by some reputable physician. Fakes and quacks will put most anything into their secret preparations, to make you like their useless stuff so as to want more of it, un til it makes you the victim of some drug habit, which will ruin your health in a short time.

Stuart's Dyspepsia Tablets are not s secret remedy, they do not contain injurious drugs, and they are recom mended by thousands of physicians in the United States and Canada to their patients for dyspepsia, catarrh of the stomach, and all other stomach troubles resulting from improper digestion

These wonderful tablets actually di gest food because they contain the very elements that are required of a healthy stomach to properly digest food, thus acting as a substitute and giving the overworked digestive organs a rest and a chance to regain their former health, strength and vigor.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of hydrastis and golden seal, which tone up and strengthen the mucous coats of the stomach and increase the flow of gastric and other digestive juices; lactose (extract from milk); nux, to strengthen the nerves controlling the action of the stomach; bismuth to absorb gases and prevent fermentation, and pure aseptic pepsin (gov. test) of the highest digestive power. All of these are scientifically incorporated in these tablets or lozenges and constitute a complete natural, speedy cure for any stomach trouble,

Stuart's Dyspepsia Tablets are sold in large fifty-cent boxes, by all drug-

Massillon, March 29.—Nearly a hun-

dred glassblowers and their families of this city are preparing to take their departure to other glass centers, upon the closing down of three tanks of the American Bottle company next Tuesday. Some of them have begun to leave and others will go during the latter part of the week. points have been chosen by a great majority of the blowers although some of them will leave for eastern klass centers.

The order for the closing of three of the large tanks came last Wednesday and quite unexpectedly to the Massillon blowers. It was stated by the officials of the company that the prospects for steady work until the end of the season were excellent and the posting of the bulletin was a bomb in the midst of the unsuspecting blowers. One tank employing about 30 blowers was ordered closed at the Reed plant and two tanks, employing about 60 blowers were to be closed at the Pocock plant. The number of men affected including blowers and helpers amounts to 200.

Upon the posting of the notice, ev ery blower affected began packing up for their departure to other points Some will go to Streeter, Iil., St. Louis, Milwaukee and other western points and others will go to New Jersey blowing towns. It is an established custom for the blowers to make wholesale exodus from the city upon the closing of the season and the de parture this week will be but ap early repetition on a minor scale of the annual desertion of Massillon.

Was Isaac Garwood robbed of \$180 by his pal last night? is a question which the Massillon police are solv ing. Looking somewhat the worse for an overdose of whiskey, Garwood went to Lieutenant Botoner last nigh and declared that his pal had skipped out with his wallet which he declared contained \$180. He furnished a de scription of his companion and the lieutenant set out in pursuit of the culprit. After a short hunt the sup-posed robber was apprehended in a downtown saloon and taken to the po lice station. A search of his clothes brought forth a total of \$8 and this seemed to be the extent of his fortune He was accompanied to the city jail by two intoxicated companions who insisted upon spending the night with All steadily declared that no him. theft had been committed and said that Garwood never had a sum of sucn proportions upon his person. Later Garwood was found completing his carousal and was locked up with the alleged thieves. This morning when all had sufficiently sobered to tell their story, Garwood said that he guesses that he must have spent hs money. He came to Massillon with the other three fellows from the scene of the construction of the new pipe line near Beach City, intent upon having a good time. The charge of intoxica tion will be preferred against all four men and they will be given a hearing tomorrow morning in the mayor's
